Summer 2019

Happy Summer!

It was a great 2018-2019 academic year for our SAGE scholars! Five scholars completed their studies at the University of Guyana and will graduate this November. Read more about our graduates [below!](#)

Our 2019 Graduates

We are so proud of our 2019 graduates:

- *Gina Chin, Medicine*
- *Kerrie Hooper, Computer Science*
- *Tatyana Moore, Agriculture*
- *Ariel Robertson, Agriculture*
- *Andy Sattan, Engineering*

Below, some of them share their thoughts on their university experiences and future plans.

2019 Graduate Kerrie Hooper

2019 Graduate Andy Sattan

What has been the best part of your university experience?

"Meeting new people, making new friends and developing a discipline for Computer Science...When I became an upper-class student, I was able to help and encourage younger students when needed. I am grateful for those

opportunities." -Kerrie

"Meeting new people." -Tatyana

"The feeling of accomplishment and pride when seeing days and nights of effort come to life is quite remarkable. Meeting new friends and making new connections within my field was also important for my future." -Andy

What goals do you have for your future?

"To become the best person I can be." -Gina

"In short, I am aiming to become the best version of myself. I would like to pursue a career in which I get to help people through the use of technology and artificial intelligence...I want to give back as much as possible to my community and especially to all those persons who helped me along my journeys." -Kerrie

"The overall aim is to go through life doing something I love and leave a positive impact along the way." -Andy

2019 Graduate Tatyana Moore

2020 Application Update

This spring we received over 90 applications from all over Guyana! The SAGE Board is busy reviewing those

applications. Our 2020 SAGE Scholars will be selected and notified in the coming weeks!

SAGE began in 2009 and continues to support scholars every academic year. To date, eighteen deserving students have received full scholarships to the University of Guyana, with majors including law, medicine, international relations, education, computer technology, and tourism.

Scholars are selected based on their academic record and dedication to making a positive impact in Guyana. SAGE is the only fully funded scholarship program for students in Guyana who want to attend the University of Guyana.
